### **Povzetek:**

Pedagoški delavci za komuniciranje pri svojem delu uporabljajo različne oblike IKT-medijev. Prispevek predstavlja pojem IKT in najpogostejše oblike IKT-medijev: GSM, SMS, MMS, elektronska pošta, spletne klepetalnice, Second Life, IRC, Skype, Facebook, spletni forum, blog. Ob koncu nas seznanja s spletno raziskavo med pedagoškimi delavci o oblikah IKT-medijev, ki jih najpogosteje uporabljajo v komunikaciji z učenci/dijaki, starši, sodelavci in v zasebnem življenju.

### **Abstract**

Information and communication technologies are being used by pedagogical employees at work for their communication. This article deals with ICT concept and its most used tools, like GSM, SMS, e-mail, internet chat-rooms, Second Life, IRC, Skype, Facebook, internet forums, blogs. At the end, there is an internet research conducted among pedagogical employees on which ICT tools are being used most frequently to communicate with students, parents, co-workers and in private life.
