Povzetek

Learning Content Development System (LCDS) je brezplačno orodje, s katerim lahko izdelujete visoko kvalitetne, interaktivne, on-line tečaje in gradiva. Na delavnici se boste spoznali z LCDS orodjem in se naučili hitre in preproste izdelave e-izobraževalnih gradiv. S pripravljeno vsebino in nekaj kliki vam orodje generira vsebino, ki se lahko prilagaja uporabniku in vsebuje interaktivne aktivnosti, kvize, igre, teste, animacije, demo prikaze in druge multimedijske vsebine.

Abstract

Learning Content Development System (LCDS) is a free tool, enabling to create high-quality, interactive, on-line courses and materials. The workshop participants will get to know LCDS tool and learn how to create e-educational materials fast and easy. With ready contents and few clicks the tool generates contents that can be personalized and that include interactive activities, quizzes, games, tests, animations, demo and other multimedia content.
